

SOUTHEAST COLORADO REGION 19
Request for Proposals (“RFP”)
RFP No. 2023-03

Overview:

The Colorado Attorney General’s Office (the “AG”) was part of a national lawsuit suing pharmaceutical companies over the opioid epidemic and each state was awarded Opioid Settlement Funds to deal with the opioid epidemic. The AG worked with local governments to develop regions in which the Opioid Settlement Funds would be disbursed each year. The guidelines for services that can be provided with the Opioid Settlement Funds come from the terms of the national settlement. Region 19 is comprised of board members of nine (9) counties in Southeast Colorado: Baca, Bent, Crowley, Huerfano, Kiowa, Las Animas, Otero, Prowers and Pueblo Counties. There is a governing Board, called the Southeast Colorado Opioid Region (“SECOR”) which is the decision-maker over how the Opioid Settlement Funds will be distributed.

Goals and Objectives:

SECOR's goals are to focus on education, prevention, treatment, recovery services, harm prevention and criminal justice related to the Opioid Epidemic the first two years of funding. The region is mostly rural so access to services and resources for those affected by opioid addiction and abuse is the ultimate goal and objective. A priority for SECOR is providing services in as many counties within Region 19 as possible.

The region will utilize this RFP process to grant money to providers for **harm prevention services** related to the Opioid Epidemic. SECOR is mindful of not duplicating behavioral health services but leveraging this funding to go further in their communities.

Quarterly reports to the SECOR Board shall be required as a condition of accepting the grant.

Proposals will be accepted until February 17, 2023 at 5:00 pm. No proposals received after the deadline will be considered or accepted.
